## FRIBIS Winter School with Philippe van Parijs: Today's global challenges and the UBI debate

From January 16th to 20th 2023, FRIBIS will host the first FRIBIS Winter School, entitled "Today's global challenges and the UBI debate". Under the guidance of Philippe van Parijs, the participants will focus on whether today's big challenges, such as the climate crisis, the pandemic and international tensions and conflicts, put UBI on the backburner or provide grounds for its growth.
