## PUBLIC SUPPORT FOR BASIC INCOME: METHODOLOGICAL ADVANCES AND CHALLENGES

16 – 17 November 2023

Faculty of Social Sciences of KU Leuven (Belgium)

(Invitation only)

This workshop aims to examine the different methods for analysing the public support for or in opposition to basic income. What can different methods tell us how the general public views basic income? What are the limits of public opinion research today and how can they be overcome?

### Participants:
